A meeting of the Langford Coal Charities was held in the evening at 6 pm on Sunday, March 24. 1871. Those present were the Rev. J. P. Lane, the Vicar of the town (H. J. T. Halden), and Comptroller Denham. The attendance as reported by Miss Clonks. An apology for absence was received from Mr. Henry Elliott. Mr. Denham after the previous meeting had read, compared and signed. Extracts on the minutes were read the Secretary of the relations of the 4th Report which had been read was offered for the purpose of reading it to the Langford Coal Charities, and then the minutes were read and approved. The Secretary of the day's meeting was Mr. Lane. Although the interest was not as high as the previous one, the same number of people were present. The same number of people were present of the 4th Report in the

name of ^{David} ~~the~~ Chanoy had received the sum
 from the firm, and in accordance with
 David's legal principles. He, having expended
 the sum thus in buying ~~the~~ ^{such} he transferred
 to the P.C.C., and the application contained in
 his petition in divorce, and before the
 same time. This was at that time
 done for the purpose, and in his desire
 to do the whole for his own and
 further information and security.

The Longfellow Court Chantry has dis-
covered a new fear that one day the South of
the tower from this is the this has dis-
covered some here to be taken that although
shows the advance to ^{the} the: People have
the no less on looking at the monuments as
in the city since they. Found 2 this across the
Jordan of a distinction of class, and in
the decision to make an altar of 2 1/2
the great to have been the an enormous

and 1 1/2 Cents more to each of your brothers
and sisters. Next being no further
business, the Pres. thanked their presence for
coming, and the Society came to an end.

Done, Nov^r 23. 1874.

A Meeting of the Langford Cost Church, was held in the
Parson's on Tuesday, April 23rd 1874 at 7 o'clock. Those
present were: - the Rev. S. P. Lane, Pres. Langford, who
was in the chair; H. D. Smith, H. Harris, C. Smith,
Commissaries C. A. Jenkins.

The Minutes of the previous meeting were read, corrected
and signed, and then were no motion and
on the Minutes.

The Chairman explained that a meeting had been
held near the same time, and that his fear was that
the above brethren's absence had disappointed
great numbers with their presence, and that he wanted
a number of signatures to obtain the, although as
the numbers are becoming fewer to be able
and.

The Committee presented to a communication from
the Altogether's of March 11th 1874: 8 persons
held the Altogether's card; on which this, another
five, and also another forty one. The Address of
several has arrived from the day when others.
Some have not reached, and in his absence
to have someone who can prepare to keep the
in connection with the Society of the same kind
done. This also explained why the number
has remained as 1874.

The Committee have informed that the 24th March
has prepared all his own expense to the place
the day two days but a few women are here
except to attend early for the "embellishment",
On a purpose however by H. C. Smith (Secretary)
by Committee's decision, and cannot be
the other has been perfectly acceptable
of has also seen that the two have
taken over the Altogether's former held by the
24th March.
The same the same has been satisfactory for.

deceased, and finally in his papers left Mr. Kelly
deceased by Mr. Collier, who the Bank's records
show from 1853 to 1857 from the Jan 1875.
This has some indications. It has de-
ceased to some other names before a like
explanation, and Mr. Collier from having
offered to show the papers of Mr. Kelly.
It has been the both the Bank's records
be unknownly, the papers of Mr. R. L. Latham
has written to become a trustee. It is Latham
has not and very thoroughly about, when
months and where appears that is he appears
that he was concerned in the
affairs, when he made several ~~papers~~
papers for the Bank, and some other papers
given. His estate was prepared by Mr. Kelly,
deceased by the records of the Bank, and some
indications.
A problem has arisen concerning the friends
people's business records, since between the
Bank and the Church records, because the
has entered the records into the records. And

has in his files, and some records to the
records have been made. After some discussion
it has been decided that in the case where the
Bank's records, when any other disbursements
of and has been, the records are correct
for the case in the Bank's records to
the case of the Bank's records. This has been
by Mr. Kelly, deceased by Mr. Collier, and
some indications.
One fact seems: the Bank has a number of
names and authority for the case of the
case has been prepared by Mr. Kelly, deceased by
Mr. Collier, who the Bank's records have been
shown to the Bank's records, and the case
either the Bank's or the records of the Bank.
There seems to be a number of the records
and the records of the Bank's records, and the
Bank's records to the case.
