at the parish Council
meeting held on _____
last I was instructed by
the P.C. to draw yr
attention to the manner
of farming yr small holding
under the terms of the
Lease ~~Contract~~ under which
the Council lets it to you
it is distinctly stated that

The Holdings shall be
farmed according to the
Custom of the Country

This being so should you
have had a white crop
last year the Council
must draw your attention
to the fact that another
white crop should not
be planted this year
~~unless the ground is specially~~
~~prepared that the ground~~
~~should be properly manured~~
manured to make up for the
extra strain on it
