

2 April 1900.

County Hall,

My dear Sir

Oxford.

All matters relating to sewerage
belong to the District Council
to deal with but before under-
taking a sewerage scheme,
which I understand the
proposed amendments would
amount to, the District
Council are obliged to give
notice to the Sanitary Council
under Sect. 16. (3) of the Local
Government Act 1894. & the
Sanitary Council have then the
right of representing to
have any objections which
they may have to the scheme.
Yours truly

Thomas W. Davenport.

The Rev. C. J. Wadehouse.
