One of my trustees of the Langford United Charities asked me the other day whether I had ever had an acknowledgment from the Charity Commission of my letter of 19th April about the transfer of funds from the Robert Day Charity to the United Charities of Langford, Oxfordshire. *

I said I had not but was not particularly concerned because you would presumably not have started dealing with it till after the lapse of time allowed for comment. However he urged me to make sure that the proposal had been received - hence this letter.
