Many thanks for your letter of 26th January, 1993. Its arrival is most timely. I had got both sets of trustees to pass resolutions, of which I attach copies, and had drafted the public notice and was about to write to Mrs Nott to put the wheels in motion. I will now get the forms completed as quickly as possible and will return them to you.

With appreciation for your co-operation and with best wishes for 1993,

Stephen Kemp
